

# Quick guide

Through its extensive channel network Eaton offers a range of warranties and service extensions for plug-and-play and hardwired UPSs up to 200kVA power range. The different options available mean you can choose the most beneficial method to safeguard your equipment performance and reliability.

## Extended Warranties for new UPS/ePDU

### Warranty+1

This service gives you a peace of mind for **1 year** in addition to the standard warranty of the product.

- During this period, the product is covered by a **standard exchange**
- Shipping costs covered by Eaton
- **Professional helpline**
- This offer covers both electronic parts and batteries (batteries are covered only for failures, not reduced autonomy)

### Warranty+3

This service gives you a peace of mind for **3 years** in addition to the standard warranty of the product.

- During this period, the product is covered by a **standard exchange**
- Shipping costs covered by Eaton
- This offer **covers both electronic parts and batteries\***
- **Professional helpline**

## Services for running UPS/ePDU

### Extend

This service gives peace of mind for **one additional year** after warranty period expiration:

- UPS/ePDU **standard exchange** on site
- **Professional helpline**
- Fast and efficient service wherever you are located
- Covers electronic parts and batteries\*

### Battery+

This service provides the correct batteries for your UPS:

- Up to 3 KVA
- **High-speed efficient service** regardless of site location
- Standard **replacement of old batteries**
- Installation instructions for new batteries
- Safety instructions concerning handling of the batteries

### Warranty Advance

This service provides customers with a higher service level compared to a standard warranty for 3 years:

- **1 on-site intervention** (in case of breakdown) during the first 2 years, simply by contacting the call centre in your country
- **1 maintenance visit** in the last year
- Technical updates
- 25% of discount on spare parts and batteries during 2<sup>nd</sup> and 3<sup>rd</sup> year
- A **professional, customised helpline** at your service
- **Emergency response** (travel to site within 8 hours)

**Eaton Extended Warranties can be bought only during standard warranty or extended warranty period.**

### Intervention

This distributed service provides an **Eaton technician** for UPS commissioning or a preventive maintenance visit:

- **Professional helpline** to offer support and book intervention dates
- Intervention service can be bought from Eaton resellers at any time during the life of your UPS
- This offer is not intended to be used as a repair service in case of UPS failure

### Easy Battery+

This is a service product which is offering Eaton final customers a complete batteries tray to exchange their batteries. The whole batteries exchange process will be therefore much **quicker and safer** than swapping batteries one by one.

**Register/activate your service product: [www.eaton.eu/registration](http://www.eaton.eu/registration)**

Powering Business Worldwide

\*Normal battery aging and « recommend battery replacement» message visible on the display do not imply batteries' faults and therefore are not covered by the warranty
